

AHUJA offers a 100V line wall mounting box speaker to meet the requirements of indoor public address and background music. The unit consists of a highly efficient 5" full range speaker housed in an attractive high impact ABS cabinet to match any decor. Power tap / impedance selection arrangement is simple and does not require soldering or any other tool, it can be done by fixing the female receptacle (or push-fit terminal) on the black wire to the required tap as shown in the diagram. The speaker is enclosed in a cloth bag for protection.

Features

- Clear & clean sound for speech and music.
- Elegant plastic cabinet in white colour.
- Power tap selection on 100V through female receptacle (push-fit).
- Key hole for easy wall mounting.
- Holes provided on the cabinet for mounting with screws to make it vandal proof.
- Ideal for use in Schools, Offices, BPOs, Hospitals, Banks, Restaurants & Showrooms.
