

AHUJA introduces AHP-1200, a very high quality professional stereo headphone designed for monitoring applications in studios, high end PA and by DJs. It is also ideally suited for very high fidelity music enjoyment. The headphone features outstanding performance and many useful features for convenient and comfortable use.

Features

- Distinct & exquisite sound quality with excellent bass reproduction & clear high frequencies.
- Folding design with rotatable ear cups.
- Provided with soft skin ear pads for high ambient noise reduction.
- Stretchable coiled cord with 6.3mm phone plug (3.5mm plug adaptor also supplied).
- Adjustable headband.
- 2000mW power handling capacity.
- Long term wearing comfort, folding design (easy to carry).

Specifications

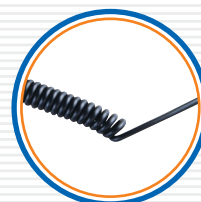

Driver	: Neodymium Dynamic Element 50mm Dia
Frequency Range	: 20-20000Hz
Impedance	: 45Ω
Max. Power	: 2000mW
Cable	: 1.2m stretchable spring cable

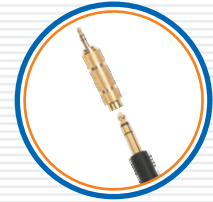

The headphones can easily be folded into a compact size for easy storage.

The adjustable size of the headband and rotatable ear cups allow great ease in operation.

Coiled cord occupies minimal space and is easily extendable.

The 6.3mm phone plug (and spare 3.5mm plug adaptor) allow the headphones to be used with almost any mixer, amplifier or computer.
