

SVC -S 10000

The Studiomaster Professional SVC S 10000 is a 10KVA Automatic Voltage Stabilizer which has been designed to provide a clean, regulated AC power supply to electronic audio equipment in environments with unreliable, fluctuating mains supply.

Features:

- 10KVA/10000W stabilizer specifically designed for audio equipment
- Over and Under Voltage Correction (Automatically regulates in both conditions)
- Wide Input Voltage Range for Indian Conditions (180-250V)
- Accurate Voltage Control
- High Overload Capability.
- Generator suitable Design
- Short Circuit Protected.
- No Waveform Distortion
- Less than 1 sec Stabilization Time
- Voltmeter displays output voltage so no more 'drop' during bass thumps.
- Current meter display
- Low noise operation
